

	AUTUMN	SPRING	SUMMER
YEAR 3	 <p><b><u>Scavengers and Settlers</u></b> Humans are special. Unlike other animals, we can adapt and learn new skills in order to survive, which is exactly what our ancestors did in the Stone, Bronze and Iron Ages.</p>	 <p><b><u>Different Places, Similar Lives</u></b> People lead different lives. Even people in the same country, the same town or the same street can have different lifestyles. But they can have things in common, too – they can both like the same food or football team! We are going to find out about things that make us different and things that make us the same.</p>	 <p><b><u>Saving the World</u></b> Rainforests once covered 14% of our world's surface. Now they cover less than 5%. Every second, an area of the rainforest the size of a football field is being destroyed. Some scientists believe that if we lose our rainforests, we might put our whole planet at risk. What will we do to help save the rainforest?</p> <p><b><u>Transition Unit</u></b> Year 3 children work with Year 2 to mentor them to understand and experience the changes that take place as they move on to Key Stage 2. Year 3 children learn about their next steps moving on to Year 4.</p>
