Dorridge School Walking Bus

A great way to encourage children to walk to school.
An opportunity to reduce traffic levels close to school.
Just like a normal bus, a walking bus follows a fixed route, picking up children at set times along the route.
Each bus is supervised by at least 2 adult & 'transports' up to 16 children.

The future...

- We intend to start with 1 route, but there is potential to build a whole DPS Walking Bus Network. Here are some ideas:

A Walking Bus at Dorridge School

- The initiative is a joint project between the school, led by Miss Gill, and Parent Council, led by Mrs Oak
- We aim to launch 1st route in Spring 2020 & expand as quickly as possible depending on levels of interest

Interested? Next Steps?

- Speak to Mrs Oak in KS1 Library from 5pm-7pm on Wednesday 20th November (or find her any day before/after school)
- Look out for an email to register you interest
 - We'll need Parent Volunteers to 'drive' each bus as well as children to be transported!
- The first route will be chosen depending where the highest level of interest is identified
- Parent Volunteers will receive training from Solihull Council
